ISSN No.: 3048-7544 (Online)

April-June 2026 | Volume 10

A large, 3D gold '10th' is the central focus, resting on a black, multi-tiered pedestal. The number '10' is significantly larger than the 'th'. The entire composition is set against a black background, which is framed by ornate, golden, scroll-like flourishes in the top-left and top-right corners. Several bright, multi-pointed starburst effects are scattered around the base of the pedestal and on the '10' itself, adding a celebratory feel.

“All power is within you, you can do anything and everything.”

— Swami Vivekananda

ACADEMIC HORIZONS

From the Chief Editor's Desk

A MESSAGE FOR EVERY GRADUATE

Graduation is not only about receiving a degree. It is the beginning of a new journey where students discover their real strength, talent, and confidence. The years spent in college teach students that success does not come only from marks, but also from hard work, discipline, learning, and self-belief.

A student can truly prove the quote of Swami Vivekananda, which our **Chairman Sir** proudly shares at many platforms, by realizing that all power lies within and by using that power to achieve excellence in academics, innovation, and life.

The following story of Sameer beautifully explains how an ordinary student transformed himself through hard work, self-belief, and continuous learning because of this quote.

Shri P R Agarwala, Chairman

SAMEER - THE BOY WHO DISCOVERED THE POWER WITHIN

On the very first day of college, Sameer noticed a quote written on the wall at the entrance:

“All power is within you, you can do anything and everything.”

| Swami Vivekananda

He read the words but did not fully understand their meaning at that time.

Sameer was an ordinary boy from a small town. When he joined college, he was shy, nervous, and uncertain about his future. He believed that only toppers and highly talented students could achieve success. He often remained silent in class, avoided stage activities, and feared making mistakes.

Little did he know that the quote he had seen on the first day would slowly change his life.

LEARNING BEYOND BOOKS

During his graduation years, Sameer gradually realized that college life was not only about marks and examinations. One day, his teacher, Dr. Rajesh Gaur, encouraged him to participate in a group discussion competition. Although he felt scared and nervous, he decided to accept the challenge.

While speaking, his voice trembled, and he forgot several points, but somehow he completed his presentation.

Confidence grows only when fear is challenged. After that, he started meeting Mr. Sanjay Sharma Sir to improve his communication skills and attended his confidence-building classes. Under Mr. Sanjay Sir's guidance, he began participating in seminars, presentations, and group activities. Through these experiences, he developed communication skills, teamwork, leadership qualities, and problem-solving abilities.

Slowly, the shy and fearful boy began transforming into a confident student.

DEVELOPING NEW SKILLS

The world around Sameer was changing rapidly. He saw students learning Artificial Intelligence, coding, designing, video editing, and digital marketing. Instead of feeling jealous or discouraged, he decided to learn these skills himself.

He spent hours watching tutorials, attending workshops, and practicing on his laptop. In the beginning, he made many mistakes. His coding programs failed, his designs looked unattractive, and his videos were imperfect.

But Sameer remembered the story of the spider that falls again and again, yet never stops climbing.

Every failure became a lesson, and every mistake helped him improve.

LEARNING FROM FAILURES

In his second year, under the guidance of his HOD and teachers, Sameer participated in an innovation competition. Along with his friends, he worked very hard on a project, but unfortunately, they lost badly. For many days, he felt disappointed and discouraged.

One evening, while sitting alone in the library, he again remembered the quote by Swami Vivekananda:

“All power is within you.”

At that moment, he realized that failure was not the end of the journey. Instead, it was preparing him to become stronger and wiser.

Rather than giving up, Sameer decided to work even harder. He improved his skills, corrected his weaknesses, and continued moving forward with determination.

CREATING OPPORTUNITIES

Most students waited for opportunities, but Sameer chose to create opportunities for himself.

He started a small social media page where he shared educational content and motivational videos for students. He also joined internships, worked on innovative ideas, and hackathons. Gradually, teachers and students began noticing his creativity, dedication, and leadership qualities. The same boy who once feared speaking in public was now confidently guiding juniors and leading projects.

Helping Others

HELPING OTHERS

Sameer believed that education becomes meaningful only when knowledge is shared with others. He began helping weak students in their studies and taught basic computer skills to children in nearby villages. He participated in social service activities with the NSS group of the institute.

Helping others gave him happiness and developed a sense of humanity, responsibility, and leadership within him.

BELIEVING IN YOURSELF

During the final year of graduation, Sameer stood on the college stage to deliver a speech in front of hundreds of students.

As he looked at the audience, he remembered the boy he once was silent, afraid, and full of self-doubt.

Now, he spoke with confidence:

“Success does not come only from marks. True success comes when we believe in ourselves, learn from failures, develop new skills, and continue moving forward.”

The audience applauded loudly.

At that moment, Sameer finally understood the true meaning of Swami Vivekananda's words:

“All power is within you, you can do anything and everything.”

Sameer's graduation was not just the completion of a degree. It was a journey of discovering the strength, confidence, and power hidden within himself.

**Academic TIMES**

Merit & Achievements

**Sangeet Dadheech****Muktar Hussain**

Sobhasaria Group of Institutions, Sikar, continues to achieve new milestones in academic excellence. The outstanding performance of our students in the Bikaner Technical University (BTU) examinations for the academic session 2024–25 reflects their hard work, dedication, and the quality education provided by the institution.

The institution takes great pride in the achievement of two University Gold Medalists. **Muktar Hussain** secured the **Gold Medal in MBA (Agri-Business Management)**, while **Sangeet Dadheech** secured the **Gold Medal in MBA (Digital Marketing)**. Their success is a matter of pride for the entire SGI family and serves as an inspiration for future students.

Our students also performed exceptionally well in the University Merit Lists. A total of 12 merit positions were secured by students of Sobhasaria Group of Institutions across various MBA programmes. In the MBA programme, Ms. Ayusha Nath secured the 3rd position in the University Merit List. In MBA (Agri-Business Management), Mr. Muktar Hussain secured the 1st position.

Adding another feather to its cap, three engineering students successfully completed the required MOOC (Massive Open Online Courses) credits and became eligible for the award of an Honours Degree in Engineering. This achievement reflects their commitment to continuous learning, skill development, and academic excellence beyond the regular curriculum.

Sobhasaria School of Law Achieves 100% Result in B.A. LL.B.

Sobhasaria School of Law, Sikar, achieved a 100% pass result in the **B.A. LL.B. 7th Semester** examination. **Khushi Swami** secured the first position, while **Vijay Singh Shekhawat** stood second. The achievement reflects the dedication of students, the guidance of faculty members, and the institution's commitment to academic excellence. The management congratulated all successful students and wished them continued success in their future legal careers.

Khushi Swami

Score: 76.80%

Vijay Singh Shekhawat

Score: 76.60%

The results of the **BA LL.B. 6th Semester** examination were outstanding, with a 100% pass rate, showcasing the hard work and dedication of the students. The top performers were **Bhavana Kumari** (79%), **Jeena Sharma** (78%), and **Kanishka Sharma** (77%).

The institution extends its heartfelt congratulations to all the successful students and wishes them continued success in their academic journey and future endeavors.

Students Honoured for Successful MOOC Completion at BTU Convocation 2026

For B.Tech students of Bikaner Technical University (BTU), **MOOC (Massive Open Online Course)** credits can be earned through approved platforms such as NPTEL (IIT Madras), SWAYAM, IITBx (IIT Bombay), and mookIT (IIT Kanpur). These courses are primarily designed to fulfill the requirements of the **B.Tech (Honors)** program, under which students must successfully complete a total of **20 MOOC credits** through certified courses with proper assessment and credit allocation. MOOCs help students enhance their technical knowledge, develop industry-relevant skills, and gain exposure to interdisciplinary learning beyond the regular curriculum.

In recognition of this achievement, **Rahul Somani, Himanshu** and **Pintu Kumar** all B Tech (CSE) students were awarded certificates for successfully completing the required MOOC credits during the 4th Bikaner Technical University (BTU) Convocation, held on March 13, 2026. Their accomplishment reflects their commitment to academic excellence and continuous learning.

Placement TIMES

Sobhasaria Students Secure 110+ Placements in Reputed Companies

Sobhasaria Group of Institutions (SGI) is proud to announce a successful placement season, with 110+ students securing jobs in more than 40 reputed companies.

Leading companies including **TCS, ICICI Bank, Vivo, ICICI Prudential, Shriram General Insurance, DRDO, Prince Hospital, Aarsh A.I. Technologies, and Ultratech Cement** participated in the placement drives and offered attractive career opportunities to students.

Adding to the institute's placement success, final-year B.Tech Computer Science student Ashutosh Chotia secured placement in Tata Consultancy Services (TCS) with an annual package of ₹7 lakh. Another student, Chand Kanwar, received a paid internship opportunity at TCS. Upon successful completion of the internship and training period, the opportunity will lead to a full-time role with TCS, marking another significant achievement for SGI students, while **Anisha Kumari** (B.Tech CSE) received a package of Rs. 6.00 LPA from Aarsh A.I. Technologies. Several other students also received offers ranging from ₹4.00 LPA to ₹5.00 LPA from leading organizations.

Chand Kanwar
TCS

Ashutosh Chotia
TCS

Anisha Kumari
Aarsh AI

Among the students who registered for placements, 80% of B.Tech Computer Science & Engineering students, 95% of MBA students, and 95% of BCA students were successfully placed. In addition, 100% of the registered students from B.Tech Electrical Engineering, Mechanical Engineering, and Civil Engineering secured placements, reflecting the strong demand for SGI graduates in the industry.

Many students who did not participate in placements chose other career paths such as higher education, preparation for government jobs, joining family businesses, or starting their own entrepreneurial ventures.

These achievements reflect Sobhasaria's commitment to quality education, skill development, industry exposure, and career guidance. Through regular training programs, aptitude sessions, internships, industry interactions, and placement preparation activities, the institute continues to prepare students for successful careers.

The Management, Faculty Members, and the Training & Placement Cell congratulate all the placed students and wish them a bright and successful future. These achievements further strengthen SGI's reputation as a leading institution dedicated to academic excellence and career development.

SGI Conducts Degree Distribution Ceremony for BTU 4th Convocation Graduates

The Degree Distribution Ceremony was held in the presence of **Chief Guest Madam Shalini Goyal, ADJ Sikar**; Shri Ghanshyam Prasad Ji Agarwala, Vice Chairman, Sobhasaria Group of Institutions; Mrs. Sriranjani Joshi, Director, Jeorge Group of Institutions, Kolkata; CA Shri Sunil Mor; Group Principal Dr. L. Solanki; along with the Registrar Mr Pradeep Sharma, Principal Degree College Dr Harshita Garg, Vice Principals, faculty members, and students. The dignitaries congratulated the graduating students and encouraged them to continue learning, work with honesty, and contribute positively to society. The ceremony celebrated the success of the 2025 graduating batch, which included 175 students from Engineering, MBA, and M.Tech programmes. The institute took pride in the achievement of University Gold Medalists Muktar Hussain and Sangeet Dadheech, along with 15 students who secured places in the university merit list and three students who completed MOOCs courses and became eligible for Honours degrees. The event was a memorable occasion that recognized students' hard work and inspired them to achieve greater success in the future.

Vice Chairman Shri Ghanshyam Prasad Agarwala felicitating, Chief Guest Ms Shalini Goyal, Additional District Judge, Sikar

Proud Moments

Anurag Bajaj: An Alumnus Who Turned Vision into Success

Anurag Bajaj, an alumnus of Sobhasaria Group of Institutions (SGI), is the Founder and CEO of Soyuz Technologies, a growing technology and consulting company that serves clients in the USA and Europe. He completed his B.Tech in Electronics and Communication Engineering in 2008. From his college days, Anurag was eager to learn new things and develop new skills. His hard work, dedication, and passion for technology helped him build a successful career and become a **respected entrepreneur**.

Alumni TIMES

Learning from Inspiring Teachers

Anurag fondly remembers his time at SGI and the teachers who guided him. He especially recalls the early morning classes of Deepmala Ma'am on Electromagnetic Field Theory, which helped him build a strong understanding of the subject. He is also grateful to Mr. Divyadeep Kachawaha, who encouraged him to learn software development along with electronics. Their guidance helped him think beyond textbooks and prepared him for future challenges.

Beginning of a Professional Journey

After completing his engineering degree, Anurag started building his career in the technology field. He continued learning, gained industry experience, and developed a strong interest in technology and innovation. His determination and hard work eventually inspired him to start his own company.

Establishing Soyuz Technologies

In 2020, Anurag founded Soyuz Technologies, a technology and consulting company headquartered in Gurgaon, with offices in Dubai and Sikar. The company provides services in software development, technology consulting, corporate training, and Artificial Intelligence (AI) solutions for clients in the USA and Europe.

Wide Range of Technology Services

The company provides services in web development, mobile applications, cloud solutions, and enterprise software. It also helps organizations upgrade their existing systems and trains employees in new technologies so that they can keep pace with changing industry requirements.

Focus on Artificial Intelligence

One of the major areas of work at Soyuz Technologies is Artificial Intelligence. The company helps businesses use AI tools for automation, better decision-making, data analysis, and improved customer experiences. Through these solutions, organizations can work more efficiently and achieve better results.

Giving Back to His Alma Mater

Despite his success, Anurag remains closely connected to SGI. He strongly believes in supporting young talent and helping students build successful careers. Over the years, he has provided employment opportunities to many Sobhasaria graduates through Soyuz Technologies. Several SGI alumni who joined the company have grown professionally and today hold important positions in different departments of the organization.

Anurag takes pride in mentoring young professionals and helping them develop their skills. By creating opportunities for fellow Sobhasarians, he has not only strengthened the connection with his alma mater but has also contributed to the career growth of many students. His efforts reflect his belief that success becomes more meaningful when it is shared with others.

A Message for Students

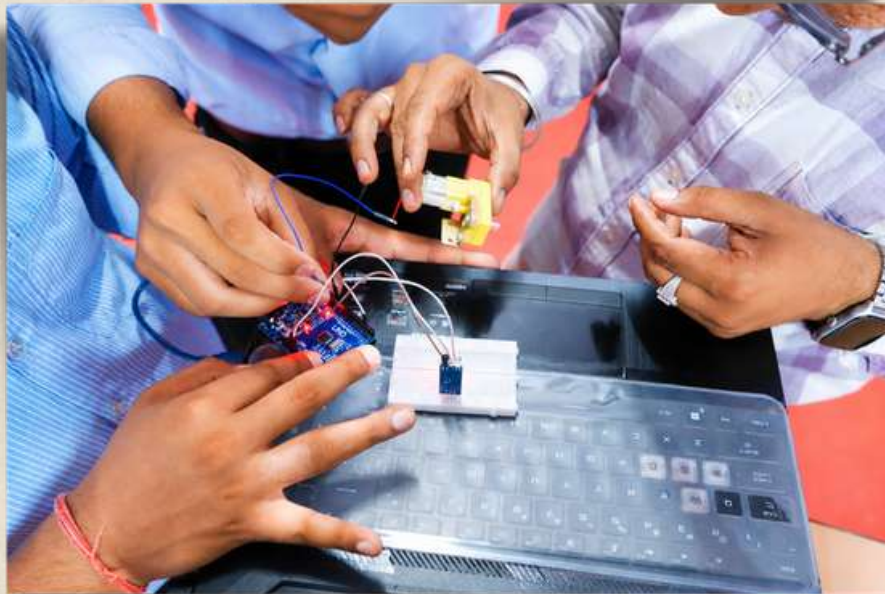

Anurag believes that success comes through continuous learning, patience, and hard work.

He encourages students to **never give up** during difficult times and to see every challenge as an **opportunity to grow**.

His life journey shows that with determination and the right guidance, **dreams can become reality**.

SGI's Commitment to Skill Excellence

In line with Sobhasaria Group of Institutions' vision of making students successful through skill development, the institution continues to focus on enhancing practical skills alongside academic learning, as highlighted in the previous edition of Sobhasaria TIMES (Q9).

To achieve this goal, skill development begins from the first year itself. This year, SGI organized a 21-day Summer Internship Programme to provide students with practical industry-oriented training. Students gained hands-on experience in Website Designing, Digital Marketing, Arduino Programming, working with various sensors, and assembling LED bulbs, tube lights, and BLDC fans.

Through such initiatives, SGI continues to nurture skilled, confident, and industry-ready professionals.

In addition to technical training, students participated in confidence-building sessions, role-play activities, resume writing, and LinkedIn profile development. Civil Engineering students also learned construction material design and strength testing.

A special highlight of the internship programme was an interactive session with the Principal of the institute. During the session, students actively asked questions about achieving success, overcoming difficult situations, staying informed about current affairs, and preparing for the challenges posed by Artificial Intelligence (AI). The Principal shared valuable insights and practical guidance, motivating students to face future opportunities and challenges with confidence.

कैसे कर दूँ माफ़

किसने कहा कि
आपका असली चरित्र तब सामने आता है,
जब आपके पास
किसी को बर्बाद करने की शक्ति हो,
और फिर भी आप उसे माफ़ कर दें।

महाभारत ने
कौरवों का विनाश कर दिया,
तो क्या भगवान श्रीकृष्ण का चरित्र
अधूरा था?

श्रीमद्भगवद्गीता के
अठारहवें अध्याय में
मैंने पढ़ा कि
ब्राह्मण का स्वाभाविक कर्म है—
क्षमा करना।

पर मेरा नहीं।
कैसे कर दूँ माफ़
अगर किसी ने
मेरे आत्मसम्मान को
ठेस पहुँचाई हो?

कैसे कर दूँ माफ़
अगर किसी ने
बार-बार
वही गलती दोहराई हो?

कैसे कर दूँ माफ़
जब उसे
अपने पाप पर
ज़रा भी शर्म न आई हो?

कैसे कर दूँ माफ़
जब उसमें
परिवर्तन की
ज़रा भी चेष्टा न दिखाई हो?

मैं नहीं कर सकती।

मेरा चरित्र
ऐसा नहीं है।

पलक शर्मा
बी.बी.ए. षष्ठम सेमेस्टर

मेरे कॉलेज के गेट के उस पार की दुनिया

आज कुछ बच्चों को
साथ हँसते-मुस्कुराते देखा,
तो मुझे
मेरे कॉलेज गेट के उस पार की दुनिया
याद आ गई।

आज भी याद है
पहली बार कॉलेज जाते हुए
मैं उत्साह से भरी थी,
पर थोड़ी-सी घबराई भी।

जैसे ही बस से उतरी,
कॉलेज के विशाल गेट के बाहर
मुझे मेरी ही तरह
एक घबराई-सी लड़की मिली।

हम दोनों
एक-दूसरे को जानते नहीं थे,
फिर भी न जाने क्यों
वह अपनी-सी लगने लगी।

बस फिर क्या था
धीरे-धीरे और भी दोस्त बने,
पर वह मेरी सबसे खास,
मेरी बेस्टी बन गई।

डिग्री के उन तीन वर्षों में
क्या-क्या नहीं किया!

साथ चाय पी,
क्लास भी बंक की।
हॉस्टल में घंटों बैठे,
मेस के खाने की
जमकर बुराई की।

छुट्टियों में घर जाने के बजाय
वीकेंड ट्रिप्स भी प्लान कीं।
एंडलेस नोट्स बनाए,
रात-रात भर जागकर
ढेर सारी गॉसिप भी की।

सुश्री निष्ठा दत्ता
एसोसिएट प्रोफेसर

फिर आया
फ़ाइनल एग्जाम का दिन।
डिग्री मिली,
नौकरी मिली,
और बॉस की डॉट का
सिलसिला भी शुरू हुआ।

ज़िंदगी की तेज़ रफ़्तार में
नए लोग जुड़ते गए।
पुराने दोस्तों से
मुलाकातें कम होती गई,
और न जाने कब
वह दोस्ती भी
यादों में सिमट गई।

अब कई साल बीत गए।
बार्ते लगभग नहीं होतीं।
बस जन्मदिन और नए साल पर
संदेश और शुभकामनियाँ
आ जाती हैं।

लेकिन आज
इन बच्चों को देखकर
मुझे अपनी वही दोस्त
बहुत याद आ गई।

पापा के कंधे पर लाडली

पापा के कंधे पर चढ़ी लाडली,
आधी नींद में आधी जगी लाडली।
था दोनो को स्कूल बस का इंतज़ार,
जाने को मन था आधा तैयार।

पलकें बोझिल, सपना बाकी,
सुबह अभी लगती है थोड़ी-सी जागी।
छोटी उँगलियाँ गले को थामे,
नींद में चलती धीमी गहरी साँसें।

पार्क के किनारे पिताजी खड़े
परी को कांधे पे अपने लिए
भाई भी था वहाँ साथ में खड़ा
जाने को स्कूल वो पूरा तैयार था

यूँ तो वो भी पूरी तैयार थी
नहाई, धोई वो भी पूरी तैयार थी
यूनीफॉर्म भी उसने पहन रखी थी

पर चल रही थी सुबह की प्यारी हवा
और नींद का पहरा थोड़ा गहरा हुआ
कि तभी हॉर्न बजाते बस आ गई
आधी बंद आधी खुली पलकें
सबको भा गई

उसे देखकर सब मुस्का दिए
तालियाँ बजा के उसका स्वागत किये

अभी भी कहाँ लेकिन पलकें खुली
नींद में मगन थी मुलायम बालों की परी हवा सहला रही थी उसके मुलायम से बाल
मुलायम से बाल और प्यारे से गाल

पापा बहुत कोशिश करते रहे
जागी को जगाते और हँसते रहे

आखिर को प्यारी सी बिटिया ने
नींद की दुलारी सी बिटिया ने
मानी सबकी बात
स्कूल बस में चढ़ी
वो पकड़ भाई का हाथ

डीन स्किल्स एंड ब्रांड

The Journey Called Life

We entered this world with innocent eyes,
Unaware of tomorrow's endless skies.
Tiny footsteps, trembling hands,
Dreams were drawn in castles of sand.

Then came the days of books and bells,
Where every classroom held a thousand tales.
Lessons were learned beyond the page,
Curiosity became the wisdom of age.
Friends became chapters we'd never erase,
Leaving forever a smile on memory's face.

Soon the world demanded more than dreams,
Life unfolded with practical schemes.
Resumes replaced report cards one day,
Responsibilities quietly paved the way.
Every paycheck carried silent pride,
Though sacrifices walked beside.

Then came the years of growing still,
When patience became stronger than will.
Success no longer meant applause,
But finding purpose without a cause.
We learned that victories fade away,
Yet kindness forever chooses to stay.

Society then called us by name,
Not for fortune, nor for fame.
A hand to lift another soul,
A heart that made the broken whole.
Respect was earned, not loudly claimed,
But by the goodness quietly sustained.

Slowly the mirror changed its face,
Silver threads replaced youthful grace.
The footsteps slowed, the stories grew,
Every wrinkle held a lifetime true.
Grandchildren gathered where children once played,
Watching the memories we lovingly made.

So if tomorrow my name is gone,
Do not believe that I moved on.
Find me in every lesson I shared,
In every moment I truly cared.
In every smile I left behind,
In every heart where love you'll find.

For life was never ours to keep,
It was a promise, beautiful and deep.
We arrive with nothing in our hands,
We depart as destiny commands.
Between hello and the last goodbye,
We simply learn the art of living...
Before teaching the world
How beautifully a soul can fly.

Dr. Junaid Bhatti is a distinguished academic, advocate, professor, MNC manager, poet, writer, and social reformer. An alumnus of Sobhasaria College, he has excelled across diverse fields. His poetry thoughtfully explores nature, life, social issues, illness, and human emotions.

पापा से फोन पर बात

कुछ देर सोचना पड़ता है
फोन करूँ या नहीं?
ज़रूरी काम तो नहीं कर रहे?
मूड कैसा होगा?
हो सकता है किसी बात पर गुस्से में हों?
लेकिन फिर भी कर लेता हूँ फोन
मेरे पिता में अगर लोहा है,
तो मुझमें भी है थोड़ा-बहुत चुंबक!

फोन की घंटी जब जा रही होती है,
तो सावधान हो जाता हूँ मैं।
थोड़ा-सा औपचारिक,
थोड़ा-सा अनुशासित।
आप कितने ही बड़े हो जाएँ,
लेकिन आप मम्मी की तरह
अपने पापा को यह नहीं कह सकते
"और पापा यार! क्या हाल-चाल है?"
यह छूट सिर्फ मम्मी के यहाँ है!

फोन उठाते हैं पापा।
भारी आवाज़ में कहते हैं
"हेलो! हाँ! बोल! क्या बात हुई?"
डरे हुए रहते हैं पापा।
पापा को हमेशा इस बात का ख़दशा रहता है
कि कहीं मेरे साथ कोई ग़लत बात नहीं हो गई है

मैं कहता हूँ
"कुछ नहीं हुआ।
ठीक हूँ।
ऐसे ही कर लिया था फोन।"

पापा कहते हैं—
"अच्छा! तब ठीक!"
मैं
अच्छी तरह महसूस कर सकता हूँ
उस लंबी, गहरी साँस को
जो पापा ने अभी-अभी ली है
ख़ुशी की साँस,
इत्मीनान की साँस!

श्री मनमीत सोनी समकालीन हिंदी कविता की नई पीढ़ी के प्रमुख कवियों में गिने जाते हैं। उनकी कविताओं में प्रेम, स्त्री-विमर्श, सामाजिक यथार्थ, स्मृतियाँ और मानवीय संवेदनाएँ गहरी संवेदनशीलता के साथ अभिव्यक्त होती हैं। सरल भाषा, प्रभावशाली बिंब और विचारोत्तेजक शैली उनकी रचनाओं की विशेषता है। उनकी कविताएँ विभिन्न प्रतिष्ठित साहित्यिक मंचों पर प्रकाशित हुई हैं और उन्होंने युवा हिंदी कविता में अपनी विशिष्ट पहचान बनाई है।

ज़्यादा बात नहीं करते पापा।
बस दो-चार रटी-रटाई बातें
"बाक़ी सब ठीक है?"
"पैसे हैं तेरे पास?"
"घर कब आएगा?"
"टिकट टाइम पर करवा लेना।"
"कोई ज़रूरत हो तो फोन कर देना।"
और आखिर में कहते हैं—
"ले! तेरी मम्मी से बात कर ले! यहीं पास में है।"

कुछ कहना चाहता हूँ पापा को,
लेकिन मैं भी
कुछ गिनी-चुनी रटी-रटाई बातें ही कह पाता हूँ

"हाँ! सब ठीक है।"
"पैसे हैं मेरे पास।"
"जून-जुलाई में आऊँगा।"
"टिकट टाइम पर करवा लूँगा।"
"नहीं! ऐसी कोई दिक्कत नहीं है।"

और आखिर में कहता हूँ
"हाँ! मम्मी से बात करवा दो!"

पापा से बात करता हूँ,
तो उस ज़माने की याद आ जाती है
जब तार भेजे जाते थे
और एक-एक शब्द का पैसा लगता था।
पापा से बात करता हूँ,
तो सोचता हूँ
कितना अजीब आदमी है!
हमेशा एक ही मूड में रहता है।
न हँसी, न खुशी...
बस पैसा, टिकट
और किसी तकलीफ़ का अंदेश।
लेकिन प्यार भी करता हूँ
इसी आदमी से।
इसी आदमी की
बस एक हँसी,
बस एक शाबाशी भरी थपथपाहट के लिए।
जाता हूँ ऑफिस।
कमाता हूँ पैसा।
चाहता हूँ इज़्ज़त।
बहुत सारा नाम।

मम्मी के पास खड़े रहते हैं पापा।
सुनते रहते हैं
मेरी और मम्मी की बातें।

बीच-बीच में कहते रहते हैं
"और बिगाड़ ले इसको।"
"मैं नहीं दूँगा पैसे।"
"इसको कह दे, खुद भी कोई काम किया कर।"
"तुम माँ-बेटे मेरा जनाज़ा निकालोगे एक दिन।"

हँसते रहते हैं हम मम्मी-बेटे।।
हमें लाड़ आता है पापा पर।
डर भी लगता है थोड़ा-बहुत,
लेकिन अपनी चलाए बिना मानते नहीं हैं।

आखिर में,
जब कट जाता है फोन
पापा मेरे नाम को देखते हैं
बहुत प्यार से।

उन्हें मेरे कॉन्टैक्ट नंबर याद हैं,
भले ही वे तीन बरस में चार बार बदल गए हों।

उन्हें मेरे दोस्तों के नाम पता हैं।
उनके फोन में मेरे दोस्तों के नंबर हैं।
यहाँ तक कि दोस्तों के बापों के नंबर भी हैं।

पापा हमेशा तैयार हैं
एक ऐसी मुसीबत के लिए,
जो कभी भी,
कहीं से भी,
किसी भी ओर से आ सकती है।

फोन काटने के बाद
मैं चूमता हूँ
मोबाइल पर
मम्मी-पापा का वॉलपेपर।

मम्मी के गाल चूमता हूँ,
पापा का माथा।

एक दूरी के पुल पर खड़े हम
बाप-बेटे,
हाथ मिलाते हैं।

पापा!
उदास हो जाते हैं
जब मैं उन्हें नहीं,
मम्मी को फोन करता हूँ।
मम्मी से कहते हैं
"नालायक! मुझे फोन क्यों नहीं करता?
और मुझसे कहते हैं
"अपनी मम्मी को फोन किया कर!
मेरे पास और भी काम है!"

आह!
पिता का यह प्यार,
इस पर कुर्बान
मेरी यह ज़िंदगी।
मैं चूमता हूँ
पिता का माथा,
हवा में उनका चित्र बनाकर।

FROM THE CHIEF EDITOR'S DESK

Dear Readers,

It gives me immense pleasure to present the 10th edition of Sobhasaria TIMES. Reaching this milestone is a proud moment for all of us. I sincerely thank our respected Management for its constant support, our readers for their encouragement, and all the students, faculty members, staff, alumni, and contributors whose efforts have made this magazine informative, lively, and meaningful.

This edition showcases the major academic, technical, sports, cultural, and social activities of our institution. It also celebrates the achievements of our students and faculty members, reflecting the dedication, talent, and teamwork that define the Sobhasaria family.

At Sobhasaria, we believe that education is not just about earning a degree but also about developing the skills needed for a successful career. Skill development has always been our top priority. From the first year itself, we focus on building our students' technical knowledge, communication skills, leadership qualities, and confidence. A key part of this effort is our annual Industry Connect Meet, organized on Engineers' Day. Industry experts and our training partners visit the campus to interact with students, share the latest industry expectations, and guide them in bridging the gap between academics and industry.

I am happy to share that these efforts are producing excellent results. Our placement percentage has increased significantly, with students being selected by leading companies such as TCS, Accenture, ICICI Bank, Shriram Finance & many more. Students have also secured prestigious government jobs, which motivates us to continue strengthening our skill development initiatives.

The journey of Sobhasaria TIMES has had its challenges, but with the dedication of our editorial team and the continuous support of the Management, faculty, students, and contributors, we have successfully completed ten memorable editions.

I extend my heartfelt thanks to everyone who has been part of this journey. Your trust and support encourage us to continue improving and sharing the achievements of our institution. I hope you enjoy reading this special edition of Sobhasaria TIMES.

With best wishes,

Chief Editor
